## Customer Reviews

Another great Step into Reading book! My boys love Thomas so we are collecting all the ones we don't have yet. This will aid with reading, phonics and sight word skills and your child won't even know they are learning! My son memorizes the words and he's only 3. These are great quality and will last thru passing them down from child to child..

Ordered because my 2 year old daughter loves most things Thomas and Friends. This, however, does not go over well. The cover implies a visit to the zoo, but it is a circus visit instead. The animals look rather scary and menacing to a young child and to myself. We will donate it and hope it doesn't repel other little minds.

For 6 year old grandson... Good feedback....

This is a book about the circus--- of which we are not fans. I thought it would be Thomas with safari animals. Disappointed.

Love this book. My toddler loves this book. It's fun to read and he enjoys it.

The Art Dept got lazy on this one: Why safari animals on the cover when the story's to do with the circus?!

Great for little readers 2-3yrs

The story is very simple and short. My son loves this book due to the fact that it has Thomad mostly! The illustrations are nice, but if you're looking for a longer bedtime read for your kids, not the best choice. It would be good for a new reader though...short and simple
