Customer Reviews

I have this and the Adult Piano Adventures Classic Book 1, and of the two I find myself opening the Classic book much more often. These popular tunes are too dated to be of interest to my students (who are on the young side.) As with all Faber books I like the layout and composition, and the fingering is easy to follow. This book would be good for older players.

I bought this book for my wife who teaches piano. She really likes this book as the songs are easy to teach and the students really like the songs

I like selections of songs. It makes people interested in learning.

as described, quick shipping

great book, thx

i highly recommend & own NancyFaber's Adult piano books: 2 Adventure, 2 classical, 2 popular & Christmas classics. All vignette pieces are doable yet challenging for me, 67-years young retired great-grandma, classes 2 semesters. i love the joy of playing & of figuring out the music piece on my own. i love to fireup my Yamaha Clavinova and terrorize the neighbors with the Entertainer, Swan Lake, O mio babbino caro, Moonlight sonata, etc....i suggest the author include Fur Elise in future editions.

Thanks
