MCAT Prep Book: MCAT Secrets Study Guide: MCAT Practice And Review For The Medical College Admission Test

Synopsis

This MCAT study guide includes MCAT practice test questions. Our MCAT study guide contains easy-to-read essential summaries that highlight the key areas of the MCAT test. Mometrix's MCAT test study guide reviews the most important components of the MCAT exam. The MCAT Exam is extremely challenging, and thorough test preparation is essential for success. MCAT Prep Book: MCAT Secrets Study Guide is the ideal prep solution for anyone who wants to pass the MCAT. Not only does it provide a comprehensive guide to the MCAT Exam as a whole, it also provides practice test questions as well as detailed explanations of each answer. MCAT Prep Book: MCAT Secrets Study Guide includes: Verbal Reasoning Physical Science Biological Sciences Comprehensive practice questions with detailed answer explanations It's filled with the critical information you'll need in order to do well on the test: the concepts, procedures, principles, and vocabulary that the Association of American Medical Colleges (AAMC) expects you to have mastered before sitting for the exam. The Verbal Reasoning section covers: Reading comprehension Critical thinking skills The Physical Science section covers: General chemistry Physics The Biological Sciences section covers: Biology Digestive system Excretory system Muscle and skeletal systems Respiratory system Skin system Reproductive system and development Organic chemistry These sections are full of specific and detailed information that will be key to passing the MCAT Exam. Concepts and principles aren't simply named or described in passing, but are explained in detail. The guide is laid out in a logical and organized fashion so that one section naturally flows from the one preceding it. Because it's written with an eye for both technical accuracy and accessibility, you will not have to worry about getting lost in dense academic language. Any test prep guide is only as good as its practice questions and answers, and that's another area where our guide stands out. Our test designers have provided scores of test questions that will prepare you for what to expect on the actual MCAT Exam. Each answer is explained in depth, in order to make the principles and reasoning behind it crystal clear. We've helped thousands of people pass standardized tests and achieve their education and career goals. We've done this by setting high standards for our test preparation guides, and our MCAT Prep Book: MCAT Secrets Study Guide is no exception. It's an excellent investment in your future. MCAT test prep book that provides a comprehensive review for the MCAT test. MCAT study guide is the only product on the market to feature embedded video codes for Mometrix Academy, our new video tutorial portal. MCAT exam prep that will help you elevate your MCAT test score. MCAT study manual that will reduce your worry about the MCAT exam. MCAT review book that will help you avoid the pitfalls of MCAT test anxiety. MCAT practice test questions and much more...

Customer Reviews

excellent

Excellent for content review. Easy to read text makes it easy to follow along.

I found this book to be useful and instructive in my studying for the MCAT. Thank you for putting together such a great learning tool!

Very helpful guide. Really pinpoints areas of interest on MCAT exams and makes you feel well prepared.

This guide is a must for anyone prepping for the MCAT. First of all, this guide is a 2017 edition, so I know that it has the most up to date content. Many of the other guides that I saw were from last year and beyond, so this was a big deal to me. The guide is well written and easy to understand. It is also broken up into sections, so you can go right to the area that you want to focus on without having to do a ton of searching or reading the guide from cover to cover. This saved me a lot of time! There are a lot of practice questions that come with detailed answer explanations to help you get a good idea of what you'll see on the real test. The guide also contains several test taking tips and suggestions in areas like time management or explanations so that you can get a better score. I

found that the practice questions were very similar to the real ones, so I felt more confident about my score. I was definitely prepared and I would recommend this guide to others.

This MCAT prep book has exceptional quality! Pages are crisp and clean which make a very nice writing surface! The book provides review questions and test secrets to help you during the actual exam! Another great feature about this book is that it includes directions to receive a free audio book version which will help when studying! When you receive the book, the first page gives you who to contact to receive the CD! Overall, I would definitely recommend this product to my friends who are taking this test!

Very in-depth study guide with information that is incredibly useful. It encompasses everything from environmental distractions and how to avoid them to the real content needed to learn for the big day. The questions are challenging and geared to shift your mind towards thinking the way you need to for the exam and I am also hoping for well after that.

This is an excellent resource to get a quick overview of each subject. I appreciate the fact that the author didn't use a lot of rhetoric. I'm using it along with the TEAS6 for more precise info on Science and English.
