Great!

Calvin is great; Christians owe much to this man of yesteryear. This will immensely help one's understanding of election and predestination.

You have 5 point Calvinist, 4 point Calvinist, 3 point Calvinist, 2 point Calvinist and even 1 and a half point Calvinist so this book should be a tremendous help to them all. It is not a large book and

simply draws from Calvin's Institutes concerning His beliefs on Predestination. Non Calvinist can appreciate a hearing from Calvin himself rather than relying on secondary sources .

Very good read for someone who is looking to understand what some view as difficult doctrines.

Good material and helps to give a framework to a subject which has always made my head spin some what

Great book, thanks
