Left Behind Complete Set, Series 1-12

I cannot put these books down! I am in a marathon reading and absorbing all this. What a wonderful idea to make it into a Novel that explains scripture we have trouble understanding and then referencing where it can be found in The Bible. God spoke and Tim LaHaye listened!

I had read these before (when they first came out) but repurchased them after a separation. I'm re-reading them and they are as good now as they were before. I used to get bored reading Revelations because I'd read the symbolism and my eyes would glaze over. Bugs with lion's heads- couldn't imagine. Now I can imagine. While these are novels, they really do make the book of Revelation come alive in a way I can picture. Love and recommend these books ever since they came out. This particular set came as a mixture of hard cover and paperbacks but they still look nice and coordinated on my bookshelf. They are in nice condition and I don't feel like I'm reading a "used" book. I just wish this option had been available when I purchased my first full-priced hard cover set (as soon as they were available because I devoured them).

I read book 1 when it was first printed. I'm 79, a Christian for many years, and just wanted to hear once again discussion of end times by these writers. I'm familiar with Rev. Tim LeHay, but not the other gentleman. It may not all be Gospel, but I can sift thru the ? material. I recommend the books to anyone who wants to get a running start on reading God's Word. God bless your company- my daughter gave you all very high ratings overall. Betty A. Roberts

I had already read these books and my 76 year old mom seemed interested in reading them too, enough to request that I purchase them for her, so I did. Now she says she doesn't recall that request. I am holding onto them in hopes that she changes her mind and DOES read them. They would be terrific for stimulating her mind and imagination! Of course there is a very good message for SALVATION throughout the entire series that I would love to discuss with her.

These are just great books! Whether you are a believer or not, there is important knowledge for everyone in the chapters and pages of these books. I highly recommend them to everyone.

The books exceeded my expectations which was a relief since I bought them as Valentine Day gift for my wife! I would highly recommend this seller.

Of course these books are great! I read them years ago, when they first came out, but now I have the complete set for my teenage daughter and her friends to read!! They came in great condition and everybody is excited to start reading them!

Just as described & sent quickly
