The Celebrity Blackbook is a fine book if you are a fan looking for an autograph. I must say that the company did great research. But if you are an author or company looking for direct contact, please don't hold your breath. Most contact information in this book seems to go to the person's management firm or publicist so the chance of that person actually receiving your request is quite slim due to filtering. I could easily go online and find anyone's management/agent/publicist information. Worse yet, no email contact information. I actually bought this book for the emails info, wanting to send out respectable non-spam type offers to certain singers for a free copy of one of my books. Unfortunately, I misunderstood what type of information was actually in the book. So overall, it's not a bad book for basic info, but I'll need to dig deeper myself to find the correct information that I need so I won't be buying next year's edition. I wanted to give this book a 3.5 rating but couldn't do 1/2 ratings so I figured I'd be nice and round up;)

I was happy as I saw this man on TV, and it sounded great. I sent stuff to 4 people as they are workers on movies, and I have made three great screenplays and wanted them to read them. Perhaps someone would make a movie. Well, two of them have come back to me. I do not know why. I'm very mad about that. I have asked the man who wrote the book if he has the people's address, as two of mine came back and probably the other two will also come back. GRRR. He has not answered yet. If I had written the book, I would answer someone right away. I hope he tells me their exact address.

I purchased The Celebrity Black Book 2008 Deluxe Edition and I must say that I am completely satisfied with the quality of the paper used in bringing this book to fruition. The major disappointment for me is the size of the print. I am elderly and find that I must strain when trying to read the names

and addresses of celebrities. I wish the letters were a bit larger. Also, I would like to know if one can purchase a book that contains celebrities from movies and television only? Thank you very much.

Received this book and was surprised to see a lot of celebrities that I would like to contact. Haven't used it yet as I'm in the process of moving but will be back to update my review as I see what type of response I will get. I give it all stars because it is FULL of MEGA stars. Finally a way to write to them. Thanks

some of the addresses are outdated. However, most addresses are not outdated. The book came in relatively good condition. I would buy it again.

Thank You!!!

I purchased the item for a friend of mine and my friend loved it and said that is very satisfied

This is the third year I have bought this book for my classroom and it is accurate, excellent, and thorough in giving me what we needed to complete an assignment. Very happy with this reference guide!
