East Of West Volume 2: We Are All One

Synopsis

This is the world. It is not the one we wanted, but it is the one we deserved. The Four Horsemen of the Apocalypse roam the Earth, signaling the End Times for humanity, and our best hope for life, lies in DEATH! The second volume of the Eisner Award nominated series is finally here! "We Are All One" follows our cast around the fractured future-scape of America as we learn more about a world that's rapidly coming to an end.

Customer Reviews

In the second volume of this weird western series, the three Horsemen of the Apocalypse continue to manipulate the Chosen, the American leaders sworn to the message, as they plot to bring about the end of the world. Death, the betrayed Horseman, rides out on a quest to locate his kidnapped son, but a new character, the Ranger, attempts to derail both groups' plans. Like the spaghetti westerns of Sergio Leone, Hickman focuses on atmosphere and environment, with slow pacing and sudden quick-on-the-draw action, adding a touch of Lovecraftian horror and epic sci-fi for good measure. Although some of the backstory and dense mythology of the series is better explained in this volume, very little is revealed about character motives, making the plot confounding at times. *We Are All One* is a challenging read, and those new to the series will need to get their hands on the first installment. Still, this is a very promising series with a compelling enough premise that readers will want to stick around until the final shots are fired. --Peter Blenski

"Like the spaghetti westerns of Sergio Leone, Hickman focuses on atmosphere and environment, with slow pacing and sudden quick-on-the-draw action, adding a touch of Lovecraftian horror and epic sci-fi for good measure... readers will want to stick around until the final shots are fired."

-Booklist

This is a fascinating as an exercise in world-building: take a central idea that is somewhat cliché, mash it with a setting that is somewhat tried, and then go crazy. The series has a steep learning curve and highly developed mythologies, but the characters are still hard to relate to and the Message is poorly understood. That said, I enjoy that the you learn as the story unfolds and very, very little is packed into exposition. The dialogue is stilted and humorless, but the world building pulls you in anyway.

Starting to like this more and more. Somehow reminds me of the new series Saga by Brian K. Vaughan and Fiona Staples.

As expected

My bf loves this series

East of West is a WONDERFUL story. It takes a somewhat familiar idea and turns it on its side for something totally unique. I never know where this book is gonna go or what twists it's taking, and I love that.

Original and compelling. Art work great and the story is second to none. Highly recommend this to anyone who is tired of the same rehashed stories put out by the big 2.

A very awesome, sci-fi western, dystopia story. I enjoy every page and the artwork/writing is really consistent. This and Saga are my favorite reads.

crazy story , good art, image delivers another smash
