This book has been so powerful in my life. One of the best Christian books, if not the best, I have read.

You can't go wrong with Tony Evans. I would recommend anything this godly man writes. He has his theology correct and this is a great resource for all Christians.

Our ladies Bible study is doing this book for our weekly meetings. Such a good reminder to put-on your armor because we do live in a world of spiritual warfare. Tony Evans is down to earth in his writing, using personal and everyday examples. Our group loves it and hopefully it is a reminder always to us to be on our guard and aware.

I have always been a admirable of Dr. Tony Evans preaching and teaching. He has been blessed with the wisdom of God to interpret and translate the Word of God into a method of understanding. I have just purchased this book, and I am already in the process of building a better understanding of how to look for the snares and traps that the enemy attempts to use against us. This is a excellent book that will equip the sons and daughters of God for the needed wisdom and knowledge to defeat the enemy through our Lord Jesus Christ.

Thanks for a great book and teaching on spiritual warfare. This needs to be preached and taught more in THE CHURCH!!!! These are all the things that Satan doesn't want us to know about. I have read several books on this subject but this book has been the most POWERFUL! Thank you Dr Evans for your BOLDNESS in preaching GOD'S WORD! May God use it for His Glory!

I am completely satisfied with this product. Moreover, This is a must read for every Christian. It would be a shame to read this review and not get this book. This book has improved my families Christian walk. The delivery was fast. I could not be happier if I had any other product!

by far one of the best books I have ever read, Tony Evans approached each segment of spiritual warfare with depth and understanding there is no way anyone who have read this book will be unable to understand each aspect when dealing with spiritual warfare. he has opened my eyes to embracing how I can have victory over any obstacle which is invading the spirit, soul, and body and how God established within the spirit everything we need to accomplish victories in this life. I was truly blessed by this book and will recommend it to all my friends.

I have not finished the book yet but the first few chapters are awesome. I am learning something

new every time I read this book. Spiritual warfare is very present in the natural. It is battle everyday. I would recommend this book to whomever would like to take a deeper look into spiritual warfare.
