Excellent book - perfect for transport nurses and medics looking to be more solid on interfacility ventilator management.

Fantastic, down to earth look on vent management. Highly recommended for anyone who already uses a vent or anyone looking to further their knowledge or career into critical care.

It is ok. Very basic. This is not for the experienced provider.

Best vent book around!!

Perfect

Awesome book.

Great book to set your foundation in prehospital ventilator management! Just Awesome!

Great Book!!!! Straight to the point.
