Birnbaum's Walt Disney World 2010

Synopsis

Birnbaum's Walt Disney World, the most respected and well-known name in travel guides, takes readers to the world's most popular tourist attraction. Since ours is the only guidebook that's official, this book includes the most accurate information on prices, changes, and new attractions for 2010. Highlights include the scoop on "Magical Beginnings," Walt Disney World's specially tailored, money-saving vacation plan for families with pre-schoolers, and updates on Pleasure Island's new venues, eateries, and shopping opportunities. This new edition includes detailed accounts of all that's new in the World, including shows, attractions, restaurants, and lounges; updates on ticket structures and advice on how to pick what's right for you; current coverage of the latest eateries on the WDW scene, such as Sanaa (at Animal Kingdom Lodge), The Wave (at the Contemporary), and T-Rex: A Pre-historic Family Adventure; and expanded descriptions of WDW's famous "character meals"--restaurants that let guests mingle with Mickey Mouse, Goofy, and the rest of the gang while enjoying breakfast, lunch, or dinner. We'll also feature fresh hot tips and new strategies for stretching your Disney vacation dollar!

Book Information

Laura Godwin, also known as Nola Buck, is the author of many picture books for children, including What the Baby Hears, Central Park Serenade, Barnyard Prayers, The Flower Girl, Little

White Dog and Christmas in the Manger. Born and raised in Alberta, Canada, she now lives in New York City. Brian Selznick is the author and illustrator of the New York Times best-selling *The Invention of Hugo Cabret*, winner of the 2008 Caldecott Medal and a National Book nominee. He has also illustrated many other books for children, including *Frindle* by Andrew Clements, *Amelia and Eleanor Go for a Ride* by Pam Muñoz Ryan, and *The Dinosaurs of Waterhouse Hawkins* by Barbara Kerley, which received a 2001 Caldecott Honor. Brian lives in Brooklyn, New York, and San Diego, California. --This text refers to an out of print or unavailable edition of this title.

This book is essential for a Disney trip. We have been to Disney six times in eight years, and each time we get the latest Birnbaum's to plan our trip. Usually it's very accurate, and has great tips about changes from year to year. The information is very accessible, and the book is easy to carry along (as opposed to using the Disney website, which can be slow, and isn't easy to access during your trip unless you bring your computer and plan to use it often). We plan our trips carefully, make dining reservations months in advance, and do our best to maximize our time in Disney for the kids' benefit. Making sure to experience the most while still letting the kids get to bed early and fit in naps (to keep everyone happy) is a tricky balance. We wouldn't get to see/do/experience nearly as much without Birnbaum's!

I have every Birnbaum for WDW that has been published. The older ones were much more candid, I guess that becoming the "Official Guide" has its downfalls. If you don't know WDW like the back of your hand, buy this book, and study it. The books are informative and relevant, it really is like having a veteran showing you the ropes. I also read the "Unofficial Guide", I would not plan a trip without studying both. If you haven't been to WDW in a year, you need to read! Take the advice, have a much better trip, don't be the family that looks like they are about to have a meltdown. As a side note, I would not take any children under the age of 5, preferably 6 and above.

If you're looking for a small guide to take along with you while in the parks and roaming Disney World, this will prove convenient. This book gives basic information for each restaurant throughout all of Disney World, including the parks, resorts and entertainment areas such as Downtown Disney. It includes:- Price ranges- Meals served (breakfast, lunch, dinner, snacks)- If they're on the Disney Dining Plan- If they're fast food or table service restaurants You'll find an overview of the food served in each location. It also includes some Walt Disney World recipes for those who want to bring Disney home to their own kitchen. Since Birnbaum is the official guide of Disney World, you can be

pretty certain that everything in their book is accurate. Of course things change frequently at Disney, so the book should be accurate up to the approximate time of publishing. The book is small enough to take along into the parks with you. It's set up in a way that will make it easy to locate individual restaurants and quickly determine the basics of what you'll find there. In my book, *Walt Disney World® with Disabilities*, I recommend in-depth research prior to going to the parks. This will help you make the most of your vacation. If you're looking for more detailed descriptions of restaurants, you may wish to look at *The Unofficial Guide Walt Disney World 2009* (Unofficial Guides). For most restaurants this book contains more in-depth information including reader survey results, service ratings, hours of operation, setting and atmosphere, house specialties, etc. Another option is *The Luxury Guide to Walt Disney World Resort, 2nd: How to Get the Most Out of the Best Disney Has to Offer* (Luxury Guide to Walt Disney World Resort). Cara Goldsbury goes into depth regarding the better restaurants at Disney. [...] Finally, I would say that this book fills a big need for a quick and handy reference guide, especially while in the parks. The parks are huge and can be overwhelming when you're unfamiliar. It's likely that you're going to get hungry and finding the right place for you can be challenging. If you're looking for something to help on the spur of the moment, this book will do the trick!

I like these type of books. However, it is not current with the changes made after it was published...like the new Fantasyland. There are many useful hints like which attractions are most fun for certain ages, how to assist with handicapped needs, best eateries. One needs to remember that this is an "official" Disney guide. As such, I am sure they sugar coated things a bit.

I was told by a friend (who has been to Disney World many, many times) to buy this book. I bought the book and have gotten so much great information that you would not find anywhere else. If you are planning a trip to Disney...I think that this book should be called the "Disney Bible" and that you should definitely get your hands on one. I plan to take mine with me. I have so many things circled, highlighted and notes in the back (on a special page they provide for you) that I'd be lost without it. The tips they give you are great and already I can see that they will be so helpful on our fun packed days in Disney World. I also purchased the Dining Guide and Pocket version of the book too. I really recommend all 3. I think they are a must to help you decide what you want to see and do and to make your plan before you walk through the gates. With so much to learn about the parks...it's impossible without these 3 books to guide you to make the very best of every minute in Disney World. Enjoy! Winky

If you are going to take a Disney World vacation do not go without this book. Especially if this is your first trip to Disney. We have gone 4 or 5 times and it was just time to update our guide as it has been awhile since our last trip. This is "THE BOOK" to read before you start making plans and to take along. As I said this is not our first Birnbaum Disney book and it probably will not be our last. We have loaned out our old copy many times and this one is getting worn already but only by us so far. Just about everything you want to know about the Disney experience is here. I could go on and on but I would just bore you with the details. All I can say is if you are going to Disney get this book before you make your plans and keep it with you as much as possible. It will really help you plan your trip. You don't have to lug it around the park all day but you may want to make some notes and put them in your pocket. Everyone who has borrowed our older book has been glad they did.
