Customer Reviews

Just got the book and it is not MAPSCO even though it says Mapsco Inc. And Mapsco in the title and picture; also in the description. A generic version of the map book was sent to me instead that was made in 2007, and not 2010 like I expected. An alternate version of the description was typed and underlined as if it was hidden somewhere and explaining it was not Mapsco. I am very disappointed but I am a New-Hire for Fedex and really need the book right now so I have to accept it. Just be aware of what they are pulling here.

Exactly what we were looking for. Quick delivery. Very nice find. Thank you.

Great street guide. Works very well for my delivery job !!!
