Dead Reckoning And Murderous Intent, A Red Pine Falls Cozy Mystery (Red Pine Falls Cozy Mysteries Book 4)

Synopsis

Angela and her grandmother are invited to an innocent little dinner hosted by Senator Clark. Everyone knows it's a trap. The Senator has done too much to the Morgan family to be trusted, but the only way to find out what the Senator is up to, is to walk in with their eyes open. But who is the trap really for? There is far more at stake than anyone can guess, even Abby Morgan. Will her famous wits figure out the mystery in time, or will the town of Red Pine Falls lose more than it can afford? Find out by reading *Dead Reckoning and Murderous Intent*, Book 4 in the Red Pine Falls Cozy Mystery series.

Customer Reviews

I really like the characters & the fun escape the story provides but I just really don't like being left without a solution beubg presented. This type cozy mystery is like enjoying Sunday dinner then finding no dessert was provided.

Loved this book as much, if not more, the prior books. You get to know the members of Red Pine

Falls better. I have to let you in on the surprise, this one is a cliff hanger. Can't wait for the next book to come out.

I have enjoyed reading this mystery series and am looking forward to the next installment. The stories are a quick afternoon read.

The story just gets going and then ends with the murder....foul play. I am at risk of forgetting important details before the other half of the book is available.

I loved the previous books in the series, enjoyed the characters, and was intrigued by the mysteries. I was really enjoying this book, until the end (or non-ending). The author decided to cheat her readers out of an ending - it's a cliffhanger. In her notes at the back of the book, she tries to resolve this with "cute" phrases. I was not amused. Few readers wish to devote the time in reading a book, only to find there is no ending. Why not take the time to write an ending, instead of acting irresponsibly for the sake of getting another book out of the plot line?

I loved the book all in all it was a great read. I can't wait to read the next one. I love your book, writing style, and the quick pace. Thank you for lovely books.

I read the first three books in this series because I liked how the main character, Abby Morgan, was learning to get on with her life after the tragic death of her husband. Unfortunately, it became very apparent toward the end of the second book that the author had deliberately decided to make Abby into some kind of silly Superwoman and her writing went downhill after that. Since I didn't pay for these books I decided to keep reading them with the hope that they'd get better and that Abby would revert back into the thoughtful, interesting character she was in the first book. I should have known that wasn't going to happen. This fourth book in this series has the murder take place at the end of a convoluted, badly written, and boring story that makes no sense. The Author's explanation that she hadn't planned to make this book a cliffhanger is obviously a bunch of baloney. She wrote it and published it with that ending so that had to be her intent no matter what she says. It's a deliberate and calculated attempt to make sure the reader buys the next book to find out whodunit. Even though I wouldn't have to pay to read the fifth book I won't bother to get it. I will never read anything written by this person again. Notice that I deliberately didn't refer to her as an author. These books are self-published and the term "vanity press" totally applies to this poorly written

series that started out so promising.
