SELINA, is one of my favorites!! So when the MINIS started showing up on I HAD to purchase them all... They are still printed on the same paper as ALL of her books are... BUT with NO repeats. Each book seems to have images from different books scaled down. This one for example has images from her full size Gothic n Night Magic books. The Mermaid Mini is ALL Mermaids, then the Magical Mini has images from Enchanted, and Fairy full size books... Loving taking Selina to go easily...

Ok we've established this is kind of the same as the Gothic Coloring Book with a few extra pictures. The paper is the typical thin, with a bit of tooth. Colored pencils: yes, I would stay away from most wet medium. Your higher quality pencil will work best. I know we can't all afford the higher end pencils. Right now Prismacolor Premiers 150 pencil set is on sale for \$90. Marco Renoir colored pencil set (100 pencils) is \$60. The pictures are beautiful, the lines sharp. This book is a real gem. I hope you'll buy this book. If your already a fan, you already know Selina Fenech, if you're new open up your wallet, because you will using it, quite a bit, your 11 books behind. Oh, and by the way, the pages are one sided, so please use a good blotter so the next page isn't ruined.

a great traveling coloring book. Love the art work and is just as great as if it was full sizes. Paper great quality but can not tear out of book to color on a clipboard. 100% love and very satisfied.

I enjoy coloring with pencils so much. I am so glad they came out with adult coloring books. Love it

this is the cutest little handheld book I've ever owned, i may even buy another one!

Pint size fun! Beautiful pictures and crisp lines.

Beautiful work by Selina Fenech. These are scaled down pics from her other books. Some of them are a little difficult to color in pencil due to tiny spaces but fine point markers work well. Perfect size to carry with you!

The drawings in all of Selina's books are absolutely gorgeous, and fun to color. I use coloring and art to relax and these books do the trick. I'm so happy with them. I highly recommend all of Selina Fenech's coloring books!
