I really enjoyed the first time I was in a Bible study class of Esther with all women! I learned so much about the life and times of women during Esther's time in the Bible that I have now led 2 workshops on Esther. And the cookie recipe in the back of the guide is very good!

This book is a very excellent Bible study of the book of Esther in the Holy Bible. It is well written and is challenging. It makes you think about where you are with God and it also gives you many insights about subtle themes in the book. I highly recommend it to anyone wanting to become more like Jesus Christ. It is best used along with the video from Lifeway, but could be used alone to good benefit.

Even got a used book and was two weeks behind when I got it. I was actually pleased it had some of the answers filled in for the first week although when I ordered it, it said it did not have writing in it. It was a hard book to find and saved money ordering it used. It is a great study to do with other women. We have the videos and we take at least two weeks to do each weekly chapter. It is an intensive study.

Great Book! We started this study as a small group... Met once a week. And had to shift to single study due to so many infants and toddlers in our group Â™. I must say. I'm pleased that I've purchased this.... It's Very easy to grasp. I would definately recomend for studying... on your own or in a group. It works awesome both ways.(Make sure you buy the videos along with this book)

Again.... Beth Moore ROCKS these studies! You will laugh a little, learn a lot, grow and grow, and hopefully come through the study in a closer walk with God. Her studies are FABULOUS! You won't be disappointed. Enjoy...

Such a great study! Looks daunting but reads so easily! Beth Moore is a real girls girl and I love her style of writing. I'd recommend this to any female- it's so empowering ÂºÂ•

Enjoying the study..the Book of Esther is interesting and Beth is taking us through it well!!

I purchased this book in order to follow what my sisters in Christ were studying at home while I was away. I wanted to be caught up or at least know what they were studying while I was gone and

unable to be a part of their study. It #1 needs the dvd that goes with it this simply is not a stand alone study, it needs other components. So it did not work for me. It might be a wonderful work book as a whole but not what I wanted at all.
