Conquering An Enemy Called Average

Synopsis

The easiest to read, most powerfully practical book you can read this year! Best-selling author John Mason again launches an all-out attack on mediocrity with this sequel to his phenomenally popular book *An Enemy Called Average*. Divided into 52 nuggets of truth, *Conquering An Enemy Called Average* is a source of godly wisdom, scriptural motivation and practical principles. The words of this book will break down the barriers to excellence in your life and release you to be all that God created you to be. Think about it: - Imitation is limitation - Procrastination is the fertilizer that makes difficulties grow - Living a double life will get you nowhere twice as fast - If you chase two rabbits, both will escape - Adversity has advantages - Know your limits, then ignore them - The only place to start is where you are - There is no future in the past - Do what people say cannot be done. Give *Conquering An Enemy Called Average* one year, just one nugget a week, and your life will never be the same. Take the lid off of an average lifestyle and live a life of excellence today!

It is a very good book. Very inspirational

Each of 52 nuggets is really just a collection of sayings that are not particularly tied together well. However, there are some great quotes in here - the kind you wish you could remember and easily spout at the perfect moment. After reading the book through in a matter of days, I think I will reread one chapter a week, as the book recommends. I could see this being something I reread year after year.

Worth looking at

Was a little sun faded but was as described It was a great read as well thank you for provided a quality book.

As expected.

I really enjoyed this book. It was exactly what I wanted and I actually got things out of it. fantastic

My fault really. I wanted to buy the book *An Enemy Called Average*. This is actually a different but related book. It consists of 52 "nuggets of truth" like faith, adversity, giving and then provides about two pages on each nugget - mostly quotes from other authors. To the author's credit he has really found some great sources for quotes so if you are a Twitter person or enjoy motivational quotes you will find some great quotations and some great sources for quotations. But I was looking for a more comprehensive approach to the subject - not a daily or weekly devotional style book.

WACK!
