If you like Joan Elliott cross stitch designs, you won't be disappointed with this book. Beautiful patterns!

Quick service and item in good condition. Loved the Indian woman's picture and graph on the front of the book. Did not care for the male Indians facial features, could be revised to the stitcher's

taste-tended to make him look somewhat feminine around the nose area. Like the variety of pictures with beads projects. Wished there were more variety on the other native American animals and traditions such as wolves, bears, turtles, totems, etc. Like the dreamcatchers projects also, have done a mini dreamcatcher on a gift card in the past probably also designed by Joan Elliott.

Awful. Cheesy. Definitely not Native American. Maybe this is an American interpretation of the natives. Only a few designs with actual Indians in it, the rest is just bunnies & Christmas ornaments.

Great book. Fast shipping. Thank you.

I didn't realize I had ordered it from a book store out of the states until it arrived within 7 VERY SHORT days. This book looks and feels brand new. VERY pleased with my purchase and the store I bought it from. OH yea, the designs by Joan Elliott look very nice. I am excited to start working on a few alphabet projects. Happy Sailing!

Full color and so many charts for the price of one book. This is an incredible book for Joan Elliott's charts and I am definitely going to purchase others.

This is a beautiful hard-cover book which is exactly as beautiful as the pictures on . I will do business with this seller again, since it was delivered quickly and in perfect condition. Yes, there is a row of stitches missing for the Indian Maiden, in the middle of the directions picture in the book. It is easy to match it up with the entire completed picture, also in the book. Thank you .

Nice book, put together well. Plenty of patterns. I am not a big J.E. fan, but I bought it for the Apache Wedding Blessing. If you're a JE fan, you'll love it.
