I Love the fonts in this pattern book. The instructions are easy to follow and the results are beautiful.

This item is great. I can make a pretty sign with my child's name. Nice variety of letters. Love it!

I don't normally purchase alphabet books, but this one appealed to me. I found several different styles that I really like, especially the little fairies. For each style, you get a full set of upper case

letters and a full set of lower case letters. All of the styles are geared more toward children, so if you want something more eloquent or Victorian, you would want a different book.

This is one of the most fun cross stitch books I've gotten in a long time. The alphabets are all exceedingly cute, and can be used in all kinds of ways

Lovely charts, beautiful graphics. No surprise from this designer. Leisure Arts doesn't disappoint. This paperback was delivered with a 4oz jar of Penetrex in a HUGE box. Obscene waste.

Book received long before date promised. It is in perfect condition and just the book I need to create some of my own cross stitch samplers. Excellent response, excellent condition, excellent price.
