Titanic: The Death And Life Of A Legend

Synopsis

Newly updated on the hundredth anniversary of the tragedy byÂ TitanicÂ expert Dave Gittins to reflect the latest facts and theories about the ship's sinking,Â *Titanic: The Death and Life of a Legend*Â will fascinateÂ TitanicÂ experts, amateurs, and newcomers alike.Â In this gripping, deeply researched exploration of the Titanic's tragic sinking, journalist Michael Davie investigates the events, controversies, and legends that have surrounded the disaster. Sifting through historical documents and survivors' accounts, Davie details the nineteenth-century origins of the White Star Line, narrates the story of the "unsinkable" ship's deadly voyage, and describes the dramatic discovery of the Titanic's wreckage in 1985. Davie offers insightful portraits of the protagonists and dramatizes the confusing and terrifying hours that passed from the moment the ship hit the iceberg until its survivors were picked up by the USS Carpathia a full day later.

Customer Reviews

â œAn absorbing, crisp chronicle of the Titanic, from its conception through the discovery and exploration of the wreckage on the sea floor.â •Â â "Los Angeles Times

Michael Davie was a leading British journalist. He was a reporter, columnist, and editor for the London Observer and the Melbourne (Australia) Age, and wrote books on topics as varied as Lyndon B. Johnson, California, and cricket. He died in 2005.Â Dave Gittins lives in Adelaide, South Australia. He is the author of *Titanic: Monument and Warning* and co-author of *Report into the Loss*

of the SS Titanic: A Centennial Reappraisal.Â

A wonderful insight into what was going on for the survivors during and after this disaster.

This book focuses on specific areas of interest, such as the Marconi and its operators, oddities (flaws?) in the ship's building, and the U.S. Senate inquiry after the event. The general reader might look at another book for a more broad overview of the event and the people of interest in it.

Good information but disagreed with some deductions.

Each new Titanic book offers new information; so does this one. Look forward to the acquisition of future unfound books of Titanic.

A great read! Well researched. Made the stories of those involved in the tragedy come alive. I felt like I was on the deck!

Story was great, but the description of court system was not necessary.
