Synopsis

A surprise inheritance reunites a mixed martial arts fighter with the woman he's never forgotten in the first in a smoldering new series from New York Times bestselling author Lori Foster. Cannon Colter is quintessential hero material: chiseled jawline, shredded body, the works. He's also the guy who rescued Yvette Sweeny from kidnappers, only to put an end to her romantic dreams. These days, she's older, smarter, determined to face whatever life throws her way. Even the prospect of sharing a house and business with Cannon. Cannon knew Yvette wanted him three years ago. But she was young, and some things are worth waiting for. Thrown together by her grandfather's legacy, he realizes how deep Yvette's scars really go, and how much danger lurks in their quiet town. As pent-up desire explodes between them, protecting her becomes the only fight that matters. And he'll break all the rules to do it.

Where do I start? Lori Foster rocketed to the top of my favorite authors list the moment I started reading When You Dare from her Edge of Honor series. She has stayed there because every book I've read after, has made me love her writing more and more. No Limits has just added to the greatness once again. When I first heard that Lori had come out with another MMA series, I about squealed my husband's hearing away. The great thing about No Limits is, not only do you fall in love with the main character of the book, but you get the chance to fall in love with the secondary characters as well. I loved being able to read about characters from previous books. Basically, there is no losing when you read one of Lori Foster's books. The way she writes her characters and the humor and comradery is beyond amazing to me. I actually feel like I am right there with them. I already recommend Lori Foster to all my friends and random people at the library. Now I must remember to add a note to keep their eyes out for the Ultimate series. They won't regret it and neither will you. Happy Reading!!

Book Description A surprise inheritance reunites a mixed martial arts fighter with the woman he's never forgotten in the first in a smoldering new series from New York Times bestselling author Lori Foster. Cannon Colter is quintessential hero material: chiseled jawline, shredded body, the works. He's also the guy who rescued Yvette Sweeny from kidnappers, only to put an end to her romantic dreams. These days, she's older, smarter, and determined to face whatever life throws her way. Even the prospect of sharing a house and business with Cannon. Cannon knew Yvette wanted him

three years ago. But she was young and some things are worth waiting for. Thrown together by her grandfather's legacy, he realizes how deep Yvette's scars really go, and how much danger lurks in their quiet town. As pent-up desire explodes between them, protecting her becomes the only fight that matters. And he'll break all the rules to do it. YAYAYAY!!! I have been waiting for Cannon's book since I first read him in *Getting Rowdy*. You meet Yvette in *Dash of Peril*, which is the last of Foster's *Love Undercover* series. And this book did not disappoint my growing love I had for Cannon. *No Limits* starts when Yvette's grandfather passes away and leaves his house and business to both Yvette and Cannon (hoping that Cannon can convince Yvette to move back home). Yvette has grown up in the years she has been away and wants to show Cannon that she isn't the same needy girl she was before. However, the past has a way of coming back around and Yvette still feels insecure with her relationship with Cannon. She doesn't always trust in his feelings for her since he turned her down years ago. But Cannon knows what he wants and he wants Yvette and is willing to prove himself and wait until she is ready for him. This book has no cliffhanger and secondary characters will get books (YAY for Armie!!)

I'm pretty sure Cannon has ruined me for all the other men in Lori Foster's books...I'm so sorry Dash and Trace! Lord that man is a Saint...too good to be true!!! This is the first novel in the new *Ultimate* series by Lori Foster, and what a start it is! We first met Cannon and Yvette in the *Love Undercover* Series (great books as well!), and I'm so glad they got their own book! The chemistry and heat between the 2 is still there, even after being apart for 3 years. They are thrown together after Yvette's grandfather dies, causing her to come back from CA. Cannon is just returning from a big fight in Japan when he learns about Tipton's death and how he will now be connected with Yvette. Yvette is a little reluctant to accept Cannon's feeling for her at first, worried that he is only with her because of what happened in the past, and that her grandfather burdened him with her, but Cannon's not having any of that! He takes this opportunity to get closer to her, he knows what he wants and he's got his eyes, heart, and mind set on Yvette...and he'll do whatever he can to help her, and protect her.

I LOVE Lori Foster, so this is difficult for me, but if you love her books too, you need to know that this one is awful. Yvette is pathetic and i just couldn't bring myself to root for her, i found myself hoping she was just temporary and the main character was going to end up with ANYONE else. I don't what else to say except that it was hard to finish this book, it felt like Lori Foster wrote it in a hurry maybe to meet a deadline or something.

This book was fantastic. One of Ms. Foster's best to date and that is saying a lot because I don't think she's written a bad book. I loved the characters. Connor and Yvette were perfect for one another. He was a tough MMA fighter who had inherited some property with Yvette. This brings her back to town and in close proximity to him. From that point on, the gloves are off, so to speak, and he sets out to win her over. He is so loving, so romantic and so sexy you can't help but fall for him. And though she is struggling with some issues, he is so patient with her and willing to work through it with her. Of course there are some wonderful secondary characters, sexy fighters and an element of danger included that will keep you turning the pages. Definitely recommend.

I think this series is off to a great start. No Limits is the first full story of the series. Canon and Yvette have known each other for a very long time. Yvette survived a harrowing ordeal. Canon was there for her. I am usually not much of a fan of weak, poor me, type women characters. While, yes, Yvette is like that in some ways, she is trying to overcome it all. She strives for that. She has a past she is embarrassed about. And then the horrible event that changed everything. I can only admire and enjoy reading a character that just won't give up. I believe with or without Canon, Yvette still would find her way. Canon only makes it that much more fun.
