What a great book to have when you go to Big Bend! I used this book to research the trails we wanted to hike before we got there. Lots of information on how to follow the trails that are not as clearly marked. Also good info on extra things to see when on some trails. This book is a great investment if you plan on hiking a lot in Big Bend.

Used it for a 5 day trip in the park and it was spot on. I think it grades a little to the extreme (some hikes it considered strenuous we found easy-moderate while carrying a 1 year old on our backs), but for the most part it was accurate as can be.

Gives very accurate descriptions of the trails. If anything it undersells how great some of the hikes are. Best paired with a detailed map bought at the ranger station when you arrive.

Packed full of great, useful info! It is helping so much in planning my trip to Big Bend!! The photos in the book are insanely gorgeous and the info is awesome. The book gives you info on how long trails are one way, how strenuous the hikes are, how heavy "traffic" will be, and what to watch out for. Very useful and I will use this for many years to come to plan many more trips out there!

I got the guide for our first trip to Big Bend. It is well organized with good maps, directions and photos. My issue is with the seller, Bubs Books, we got ours from. It was sold as "new", we paid for "new" quality but when it arrived it was creased and highlighted, clearly used. But luckily not too heavily and still in good condition.

great book about Big Bend trails...

Good intro to the area

Great book. Very Informative
