Roger Priddy is the creator of over two hundred best selling books for young children including Wipe Clean ABC, First 100 Words, and Fuzzy Bee. When he was at school he couldn't decide between being a patisserie chef or going to art college. On the advice of his father he chose art college and trained as an illustrator before becoming a designer at Usborne Publishing. Roger's love for children's early learning has led him to create some of the most successful children's non-fiction books, first at Dorling Kindersley (My First Word Book, Incredible Cross Sections and My First Cook Book) before he set up Priddy Books with St. Martins Press in New York where several of his books have sold over a million copies each including My Big Animal Book and Happy Baby Words. In total he has sold over 65 million books worldwide and his books have been translated into over 30 languages. He says it is always rewarding to see a child enjoying and learning something from one of our books, especially the babies when you think it could be the first book they have ever seen. I am very lucky to have a career where you get to think up fun ways to teach a kid how to write their letters and learn their first words whilst finding out about Dinosaurs at the same time! • Roger lives with his wife Zena in London and Cork, Ireland (when it's not raining, which

isnâ™t very often!) They have four children Sam, Rose, Alannah and Gabriel (and a dog called Wallace) who have given him most of his best ideas for his books. He still loves baking bread and cakes!

This is amazing in a classroom to help them learn about things that start with that letter.

My son loved the pictures at 1yrs and still looks through the pictures at 3yrs old. I like all the Priddy books.

I bought this book to replace the one my grandchild had. He loved the first one and looked at it until the pages were beyond repair. Wonderful book with great pictures and words. He looked at it so much that when he started learning words, he KNEW the words and could spell them ! I would recommend this book for ANY child.

Wlsh I had a class set for my kinders! Easy to use...good for ABC order teaching and making their own dictionary!

Good

This is the best picture dictionary out there. For a simple reason - this has real life pictures not animated or cartoon characters. My kids love(5 and 2) looking and reading it.
