The Voice Of The Silence

Synopsis

This edition of H.P.B.'s *• Voice of the Silence •* is a reproduction of the 1889 edition published by William Q. Judge, to which verse numbers have been added. Romanized Sanskrit terms have been updated to modern IAST standards, except for three deviations meant to aid in proper pronunciation. The *Voice of the Silence* represents a collection of fragments from an ancient and unknown text called "The Book of the Golden Precepts". It outlines the two paths of spiritual enlightenment: the first, the path of spiritual selfishness, where the goal is one's own escape from suffering; and the second, the path of spiritual altruism, where the goal is to give oneself wholly to uplifting all of humanity. This second path is called the path of the Bodhisattva and is modeled on the Buddha's teachings. It is to encourage the few true mystics in this world to adopt this path of unselfish and unceasing service to humanity that the *Voice of the Silence* was written. Those interested in such a path will find all they need to start their journey in this little book. "Undoubtedly Madame Blavatsky had in some way been initiated into the deeper side of Mahayana teaching and then gave out what she deemed wise to the Western world..." (Eastern Buddhist, old series, 5:377) "Here is the real Mahayana Buddhism." (The Middle Way, August 1965, p. 90.) "D.T. Suzuki, Zen Buddhist "I believe that this book has strongly influenced many sincere seekers and aspirants to the wisdom and compassion of the Bodhisattva Path." "H.H. The 14th Dalai Lama

Customer Reviews

H. P. Blavatsky (1831-1891) was a theosophist, mystic and co-founder of the Theosophical Society.

She has been dubbed the "mother of the new age" for the profound effect her promulgation of eastern mysticism has had on the spiritual thought of the west. Biography:

<http://www.universaltheosophy.com/bios/blavatsky/> Collected Writings:

Old information presented in different style. The more you hear the same thing from different perspectives the more you understand. Understanding makes knowledge usable, wisdom imagines creative usage.

very disappointed in this book. did not get what i desired, as indicated on the description. i did not understand most of the wording and was very difficult to decipher even tho the glossary was half the book. would not recommend to other readers.

A profoundly brilliant book for students of esoteric philosophy, though quite meaningless to those who aren't into the esoteric. Fast delivery, great prices.

These older esoteric writings are always excellent guides for the mind and meditation. Theosophy and New Age writings contain many thoughts for pondering.

still going back to it from time to time to get a better balance.

This is a basic Theosophical classic and is an authentic version. I think that Quest Books are the basis for keeping much of the Ancient Wisdom teachings available. Meant for at least someone with mystical experiences, or prose understandings. David Kazm

One of my most treasured philosophers of all times. Madam Blavatsky published work far advanced of her time. I refer to her "Glamour of Despair" all the time when working with my patients.
