(Krysta Gibson, New Spirit Journal publisher and author of Anything is Possible) "Splitting her pants mid-yoga class so you don't have to, Emma Mildon's outrageously honest advice takes the fear out of stepping onto a spiritual path, soothing any anxieties over the odd 'epic fail' and arming readers with a wealth of grounded wisdom. Encompassing lashings of inspiration and first-hand experiences, heaps of humour and a whacking great dollop of wit, her light-hearted read reminds us that you don't have to lose your sense of humour on your quest to enlightenment "and had me giggling from start to finish." (Rianna Fry, editor Soul & Spirit Magazine) "World traveler and columnist Mildon has put together a compact, easy-to-read 'everything you wanted to know' New Age spirituality book. She delves into aromatherapy, astrology, numerology, meditation, chakras, spiritual healing, and more for curious readers who wish to engage in holistic practices. Mildon explores universal wisdom and investigates what it would mean if people had the ability to heal and communicate through energy levels, crystals, and so forth. Suggestions, diagrams, and ten-point 'woo-woo' scales work together to render a compelling read. VERDICT: One of the best New Age texts without being preachy."

(Reviewer: DEBORAH BIGELOW Library Journal)"Mildon...puts her extensive search experiences to work in her compendium of new age spiritual growth techniques. Divided into sections addressing body, mind, and spirit, Mildon shares her personal efforts to employ such new age staples as crystals, aromatherapy, decoding dreams, numerology, and past life regression. Alongside in-depth descriptions of each practice, Mildon includes personal commentary on its usefulness, as well as a "a way she describes how far along the New Age spectrum the practice seems to be. Text boxes within sections urge the reader to "explore this" by suggesting specific resources to find and practices to try. The introduction is a useful guide to discovering what kind of soul searcher the reader might be, or might wish to become. Mildon's tone is irreverent...and may not suit all readers. However, those wanting a dose of humor alongside their path will find in Mildon a kindred spirit and a companion for the search." (Publishers Weekly)

LOVE! As I read this book, I felt like I was just chilling on the couch talking to a friend. The sheer amount of passion behind this book shines through the pages. I'm so new to all of these New Age concepts and I felt a little intimidated at first. However, It was as if the author new that and wrote "take what you need and leave the rest" which brought me so much peace. Absolutely love this
