Customer Reviews

The major problem with this product is its printing quality: notes on certain pages are blurred, and it feels like a product of an old-fashioned typewriter. I've bought music scores from the same series before, and was pretty happy with them--that's why I chose this edition over others. But I have to say, unfortunately, the quality is not very consistent. Also, FYI (this could be good or bad, based on how you feel about it), no finger suggestions provided.
