Customer Reviews

For more than 75 years the Better Homes and Gardens brand has been one of America's most trusted sources for information on cooking, gardening, home improvement, home design, decorating and crafting. Through refreshing ideas, clear directions and beautiful photographs, the brand has inspired millions of Americans, with more than 38 million books sold since 1930, including the New Cook Book, New Garden Book, and New Decorating Book—all cornerstone titles in their categories. Today, the Better Homes and Gardens brand encompasses books, magazines, television, radio and online media. The greater BH&G family includes partner brands such as Family Circle, American Patchwork and Quilting, Country Garden, and Diabetic Living, all of which publish under the BH&G imprint.

Saw several ideas that I can use in building my own arbor, so it was worth buying.

great

Only way I buy my books these days...Great value with functional quality..

The book provides a variety of design ideas for trellises and arbors. I would like to have seen more in the way of plans, however.

I like the book, but i am looking for a plan book. This is very informational, but i was looking for more. The book came as expected, great shape

Hreat book for our upcoming Projects!

Book has some great ideas and I couldn't beat the price of a used book.

I was a bit disappointed with this book - I was hoping for a lot more ideas - most that were shown were pretty weak designs. Books like this are mainly idea books and the more ideas, the better. This looked like a half hearted attempt. Unfortunately, I haven't found anything better. There's a definite need for a decent book on this subject...
