Beauty: The Invisible Embrace

Synopsis

Beauty does not linger, it only visits. Yet beauty's visitation affects us and invites us into its rhythm, it calls us to feel, think, and act beautifully in the world: to create and live a life that awakens the Beautiful. Beauty is a gentle but urgent call to awaken. Bestselling author John O'Donohue opens our eyes, hearts, and minds to the wonder of our own relationship with beauty by exposing the infinity and mystery of its breadth. His words return us to the dignity of silence, profundity of stillness, power of thought and perception, and the eternal grace and generosity of beauty's presence. In this masterful and revelatory work, O'Donohue encourages our greater intimacy with beauty and celebrates it for what it really is: a homecoming of the human spirit. As he focuses on the classical, medieval, and Celtic traditions of art, music, literature, nature, and language, O'Donohue reveals how beauty's invisible embrace invites us toward new heights of passion and creativity even in these uncertain times of global conflict and crisis.

Customer Reviews

The author of the bestselling *Anam Cara* hits a lyrical mark again with this book that boldly takes up an eternal verity and ideal; beauty. O'Donohue's premise is urgent and sweeping: "Politics, religion, and economics and the institutions of family and community all have become abruptly unsure. At first, it sounds completely naive to suggest that now might be the time to awaken and invoke beauty. Yet this is exactly the claim that this book explores." And so the author, who has a background in philosophy and has written about Hegel, seeks "intimations" and manifestations of beauty, finding it in music, color and movement, as well as some less likely

locations;imperfection and death. Beauty is sensuous and present, but it is also always pointing to the transcendent. Its trail leads to the recognition of God, with O'Donohue quoting the novelist Dostoyevski;"Perhaps it is beauty that will save us in the end";as well as medieval Christian mystic Meister Eckhart, whose thought he weaves through the book. O'Donohue writes like the poet he is ("Memory is the place where our vanished days secretly gather"), and he generously quotes from other poets across cultures and times. He also liberally draws into his circle of imagination the great philosophers of beauty, from Plato and Aquinas to contemporary German philosopher Hans-Georg Gadamer. The resulting book is a lively and informed discussion among great minds;a digest of provocative views on an inexhaustible and compelling topic. This refreshing book falls like rain on the parched plain of contemporary discourse. Copyright Â© Reed Business Information, a division of Reed Elsevier Inc. "A thinker who seamlessly weaves philosophy and theology, O'Donohue stops us in our tracks, reminding us that we might be alive for reasons other than productivity or consumption" Sunday Times --This text refers to an out of print or unavailable edition of this title.

I am building a library and I know that any books from Robert Thurman are really great so I added it to my library.

This is not the type of book that I would normally purchase but I am so glad that I did. You don't need to be a religious person to be enlightened by this book. You just need to be open to being a spiritual person. I loved this book! It was beautiful, thought provoking, and poetic. It doesn't matter what religion you are or what you believe in. This book is for everyone. I am sorry that this author is no longer with us. I will be reading his other works.

This is so rich one can only read a little at a time. Gently and wondrously uplifting, this book nourishes one's soul and makes one aware of how disconnected we are from creation, and how deeply we need it.

A rich resource for contemplation, Beauty is one of those books you want to begin reading again as you turn the last page.

Arrived as promised. Thank you.

great read. I can only read a page or two at a time because the writer really helps the reader to see the connection between all of creation and beauty. Beauty is more than a surface thing.

One of my FAVORITE books ever....DELICIOUS.

Now more than ever, humanity is being called to embrace Beauty. John O'Donohue's book is a portico into the glorious NOW, where all Beauty is and has always been. I love this book, it is beautifully written, transformative, and practical. Let's turn off the computer, facebook, twitter, phones and take a collective breath, and begin to enter into the marvelous.
