Customer Reviews

Very good audio summary - a solid, 30 plus minute audio book - well presented and easy to follow. I listen to audio books in the car while commuting to work and I liked this one so much, I listened to it a second time so the concepts would sink in. I enjoyed both the content and the narration. I'll be back for more if I can find the same narrator - Ant Hive Media def gets it right.

Disappointed but it's my first book summary. I heard the book was outstanding so I now plan on buying the book.
