Human Intelligence Collector Operations: US Army Field Manual 2-22.3

FM 2-22.3 (FM 34-52)

**HUMAN INTELLIGENCE
COLLECTOR OPERATIONS**

HEADQUARTERS, DEPARTMENT OF THE ARMY

September 2006

DISTRIBUTION RESTRICTION: Approved for public release; distribution is unlimited.

NOTE: All previous versions of this manual are obsolete. The document is identical in content to the version dated 6 September 2006. All previous versions of this manual should be destroyed in accordance with appropriate Army policies and regulations.

Synopsis

After the Abu Ghraib, the US Army released this revised manual for interrogation of prisoners. This manual covers both the techniques used and governing laws, national and international. A must-read for anyone who cares about the operations of the US intelligence apparatus or the status of the prisoners of the global War on Terror.

Customer Reviews

It's exactly as it says. If you knew the field manual number then you knew what you were getting. It's the same we've been issued but in a digital format which is nice.

Started out good but got boring with all the military speak. Was looking more for techniques for interviewing or interrogation. More the how to do the investigation.

thank you

Essential reading, especially if you are a Veteran who left active duty prior to Abu-Ghraib blowback. READ BETWEEN THE LINES I recommend delving into this 99 cent Kindle copy before updated FM-'s

It is a very good book, used by the military to train with.
