Customer Reviews

Rented it for a class but I kind of liked the stories in the book, overall it was a waste of money because it has only excerpts of bigger pieces.

Great product, just what I ordered.

I got the paper back of this. It came in a small box, perfect condition, no damage. Cover has a nice matte like finish, so it's not slipping all over the place. Inside pages are very thin.

bought this book for a class....then actually started reading it for fun. its actually really interesting.

Used it for college and has very good reads I would suggest to simply read.

Great assortment of essays from well known to lesser known authors.

Just what the Teacher ordered...
