Fated: A Mystic Academy Novella

Synopsis

A WitchAn ImmortalAnd a Soul Reaperâ Ā Lana Longhorn has a "special gift" that causes people to reveal their deepest, darkest secrets. She thinks it's the reason for the tragic accident that killed her parents when she was a child and has become an expert at hiding her gift from the world by age eighteen.Â That is, until a soul reaper from Hel walks into her life.Â From the moment they meet, Syn Shabaka pushes Lana's buttons. He is the first person she's ever met who is immune to her gift, and the first person to offer her a way to be with other gifted people like her. The offer tempts her, but fear that he will discover the truth about her adopted family keeps her from accepting.Â Lana has already lost one set of parents, and she refuses to lose another. As sparks fly between the pair, Lana must decide what is important, keeping her family safe or finding her happiness.

Customer Reviews

Bravo Edna! Love the new characters and how they interact with several of the beloved Runes

family members. Syn, Lana, Wes, and Talia all have different personalities and for a writer, a difficult task to keep them straight. Ms Walters has done a brilliant job with their development in this novella. The story is amazing! If you are a fan of Runes or this is the first book you've read about immortals, god's, and reapers, I guarantee, it won't be your last!

This was such a beautifully told story about a young woman, coming of age in a world she thought she knew. All of the things Lana had been told by her adoptive parents and the people they associate with is so much different than what she is told by Syn, a Grimnir and someone whom her parents told her, and her adoptive sister and brother, that she should never trust. But things have changed so much from the world they once knew, and her parents have been missing for almost a month now. With her missing parents, money running low, and being left to make the decisions for the family, she has a lot to consider. Of course, between her budding attraction to Syn and the trouble her sister and brother are always causing, she needs to do something quickly before something truly dangerous happens. This is the first in the Mystic Academy stories, and I have to say that I am intrigued. I loved all f the Runes books, so this a wonderful deviation to the stories. There is no one as knowledgeable of the Runes world than the author herself, and she always writes a tale that pulls me in so far that I want to stay. This story was magical and exciting and one of my favorites of the Kindle Worlds Runes Universe so far.

Fated, A Mystic Academy Novella by Ednah Walters is another great addition to the Runes Series. Fated is a side story that centers on Lana Longhorn and her siblings. Lana was born with the ability, or curse as she sees it, to make people to reveal their deepest, darkest secrets, so she hides herself away as much as possible. Her siblings each have their own powers that they are struggling to deal with. Syn Shabaka, a sexy soul reaper from Hel, shakes up Lana's life as he tries to learn her secrets while hiding one of his own. He tempts and challenges her at every turn, causing her to reevaluate everything she has been taught about immortals, reapers and runes. This is an entertaining novella that left me wanting more of the story. Syn and Lana had good chemistry and I loved seeing a playful side to Syn. I liked him in other books, but I got to know him more and loved what I read about him in this book. Echo (total hottie Grimnir from previous books) made a quick appearance and I LOVED it. Runes books are not complete without at least one Echo visit. I can't wait for the next book in this side story. I need more from Lana and her siblings. Five Stars * * * * *

This story ties things together nicely and gives you a taste on what to expect with certain characters, expanding and some and offering a variety. This also showed some of the aftereffects of misinformation and how the new school can remedy a lot of things. Lana is a great character, as well as her brother Wes and sister Talia. And of course, the infamous baby Hannah is tied in somewhere. Plus, more Syn. Always love more Syn.

A cute, romantic novella that takes place in Ednah Walters' magical Norse world, first introduced in the Runes series. Syn is a carry-over from that series, where we meet him as Echo's Grimnir partner, but this story actually gives us the details of this soul-reaper's past. His explanations to the fairly naive, new Immortal Lana mean that it's not necessary to have read the Runes books first; you can learn about the Norse world throughout this story, as Lana does while she struggles to understand how she fits in the Norse universe and what the rules are, all while being temporary parent to her fellow adopted siblings with her parents gone missing. Quick, cute, and as magical as Walters' other tales, *Fated* is a fun sort of stand-alone (though I bet you get sucked in and want to read Runes if you haven't), and a nice transition for her upcoming *Mystic Academy* books.

Fated by Ednah Walters is the first book in the *Mystic Academy* series which is a spinoff of the Runes Series. This book follows the story of Syn (A Grimnir from the Runes series) and an about 18 year old girl named Lana. The story begins at Lana's school when Syn and Echo show up to get Lana and her siblings to sign up for a registry. The story takes off from there and explains Lana's motivations and also Syn's. The story flows easily and for those who have read *Goddess* you will remember the character of Lana and her siblings from that book though they aren't explained in *Goddess*. In this book the siblings are well explained and you understand each of them. Ednah has written a winner again. This lady's writing is amazing as is the depth of her characters. 5/5 Stars. Contains Violence, Language, Make out level sex.

Lana, Talia and Wes attended high school, with Lana the oldest. That had been adopted by a couple, who left suddenly with baby Hannah and hadn't returned. All three were immortals, turned by their adoptive parents. They shared one artavo and lately the ruins weren't working. Syn comes to the school to speak to Lana about her parents, and why they weren't registered. He gave her an invitation to attend the school for immortals that Lavinia started. She turned him down. But it didn't matter. Syn took one look at her and knew she was his soul mate. Wes has an issue with Grimnirs, and when he finds out about Syn, all bets are off. This is a great story that incorporates characters

from the Runes storyline. I loved the entire book. All I can say is wow. Read on my friends. I certainly will be.
