The Alien's Lair (Uoria Mates IV Book 9)

Synopsis

Deep in the Order's lair, Ellora has found herself in the hands of a strange man who tells her that he knows something from her past. Though he can't tell her who he is or why he is there, she feels that he is the only one who can give her a chance to get out of the tunnels. She knows that she has to trust him, even if that means not knowing what he is carrying in an old cloth bag or why he insists that the future of the Universe rests on him protecting it. On Penthos, Severine and Rilex are continuing through the tunnels on their own, hoping that they won't encounter the hybrid army before they are able to get back to the rest of the group. When they stumble on something both mysterious and horrifying, though, their focus shifts and they realize that they are dealing with something far bigger than any of them know. With everything unraveling around him, Rilex realizes that the time is coming soon that he will have to reveal the rest of the truth about himself and what he knows. Knowing they no longer have the time to wait for Rilex to return, Pyra leads the rest of the team out of the ship and out into the desert. He knows that this is what they have been preparing for, but he can't help but feel the pull inside him, longing for the warriors who are not beside him and hoping that no matter what awaits them, he can take care of the family he loves while protecting the Universe and making his father proud. Customer Reviews

The Alien's Lair is Book 9 of the Uoria Mates IV series by Ruth Anne Scott. These stories build upon each other and are designed to be read in order. Great addition to the series. I feel like this entire series is unfolding like a made for TV mini-series. Ryan is back and the battle is starting to heat up. I'm on the edge of seat waiting for what happens next. I voluntarily reviewed an ARC copy.

This is the continuing series of the mystery surrounding the problems that has affected Uoria and the battle going on the Planet Penthos. Also the hybrids built by Ryan to form his army to take over the galaxy. This book touches on many different things and people involved in this series. I voluntarily reviewed an Advance Reader Copy of this book.

Once again the author Ruth Anne Scott has written a great Sci-fi romance. The storyline is complex, yet easy to follow, the world building is done really well and the characters are distinctive and unique. Her books just keep getting better and really draw you in. I stayed up late to finish this story. I voluntarily reviewed a copy of this book.

This is a voluntary ARC review. Wow. So much going on in this book. What's Mhavrych doing in the Order's tunnels with Ellora and Athan and what are they protecting? The battle on Penthos is starting with drums! Who was the person that Rilex found and will he, Severine, and the baby get back to the group before the battle starts? A lot happening with this continuing saga. Great story.

As the mysteries slowly unfold it seems to add more questions and intrigue. This is the latest installment if the Uoria Mates. This incredible series is the continuation of the problems that are faced on Uoria and what these strong people will do to face and conquer each one. Highly recommend this incredible journey to anyone who loves to enjoy the best of the best.

Our group has split into three and danger surrounds all. The enemy seems to be around every corner. This cliffhanger serial is full of action and tension, well written and characters that you quickly care about. I voluntarily reviewed this book as an ARC for an honest opinion.
