Customer Reviews

So simple as to be absurd. A waste of time to read, and extremely outdated. Do not bother with this.

This info you could get from googling for 10 minutes. Not worth anybody's time. Can not recommend this for anyone.

Riddled with grammatical errors and one page long "chapters", this reads like a brochure. You get what you pay for.

The information in this book is way too general. The author also assumes that the hotel you will be running will have a restaurant which is great for those who will have one, but it is a waste of time for anyone looking for tips on being a hotel manager and running a hotel only.
