Customer Reviews

I felt the book was all over the place and missing some basic pieces needed to coach. There are some good ideas though. Too many mistakes that make some of the concepts difficult to understand. Was hoping for a book that pointed out the rules and types of positions a little more.

This is very helpful guide for the First time coach, and a great refresher for Coaches needing to change up drills. I would recommend this to anyone who is looking to coach their local soccer team.

Good quick synopsis for the first time coach. Also a good read for the first time soccer mom. Happy reading.

This was a great tool for a 1st time coach. Easy to read and very informative.

Great job!
