love these golden books I have been buying 6 every time I get paid to build my daughters collection of books and I read to her every night

I love these Little Golden Books! Perfect addition to any Disney collection. The pictures in this book are full of detail and the colors are vibrant. This book makes the perfect gift for a baby shower or birthday. I love this movie Up and the book.

Great book, great price.

I really do like Little Golden Books. They're amazing quality little books. I have a tiny collection for my daughter's bedtime and she loves them. This movie has always been extremely special to me.

When I first went through it I was at awe over the animation. It's so beautiful. It tells one of my daughter and my favorite stories very well for it being a long movie put in a couple pages of book. It's so heartwarming. I recommend this book to anyone who loves this movie or would love a great sentimental adventurous story.

Great book! Can't go wrong with this one

super cute book!

I pretty much rate all these Golden Books as 5-stars. Quality construction, a very good price, and the pictures have a cutesy look to them that mimics the movie they're based on, but with a style of their own.

Miraculously covers the whole plot of the movie in so few pages! You done it again, Lil Golden Book...
