No question about pure nostalgia. I remember when I was old enough to read that I would look through grandfathers magazines, Outdoor Life, Field and Stream and Sports Afield plus a few others that were not permitted (True.....). The days when a young person could have a Daisy and later a 22 or a 410 (yes girls too) long gone in my area. The cover illustrations with men smoking pipes and no one in camo. Great memories.

Seeing some of the pictures in this book took me back to when I was just a kid flipping through the pages of my grandfather's issues of Outdoor Life. A few of them, I even remembered from over thirty years ago! (I'm 45 years old this September) I'm so grateful that I was not raised on video games and that I had an old-school sportsman for a grandpa. I'm very drawn to the sporting lifestyles of the 1930s-1960s and I'm not into nylon backpacks, high-tech fish finders, and rifle scopes with red lights in them. Anything that is prefaced with the word "tactical", I want nothing to do

with! The modern electronics made for the sportsman of today are, for the most part, a bunch of junk! This is a great book that you will never get tired of looking through!

This was a gift for my Dad. He has gotten Outdoor Life Magazine since I was born, (1963). He still has every issue. He has lost a great deal of his eyesight and this book was perfect for him! He loves it. I don't know if I have ever seen him appreciate something so much. Thank you!!

Wonderful book. Brought back many memories s I grew up reading this great publication.

Great coffee table picture book full of Outdoor Life covers, ads, photos and story snippets. Each decade is covered. This one will bring back some nostalgic memories if you're over fifty and should spark your historical interest if you're younger.

I could review an item better if you would make details of the product and the transaction available to me on my account page!
