## **Customer Reviews**

Author/Illustrator, Anthony Curcio has a B.A. in Social Sciences from Washington State University and is an educational consultant and speaker. Anthony lives in Seattle with his wife and two daughters.

For each player there are two side-by-side pages with the exact same image. The paper is so thin that the image of the player on the next page shows through so that even if a beautiful job of coloring is done, the page will look weird because of the image on the other side. It would have been better to have just 1 image of each player printed on thicker paper with a blank back. There was no way to know this before purchase.

Definitely just an O.K. coloring book. The pages are duplicated side by side, so you only have half the amount of NFL stars than you think. The photos aren't detailed. They are all the same person, just different uniforms. My 8 year old doesn't seem to mind, but I wouldn't purchase it again.

Grandson loves it!

He loved it!

Fun book for coloring with my kiddos. The only complaint I have is that all the players have flat butts, haha!

I have two boys (ages 6 and 8) that completely flipped out over this coloring book that I got them for Christmas. Two pages for each player, which means they can both color. My husband is a 2nd grade teacher and I bough him a second on to have for his classroom, which has been a huge hit!

My six year old grandson loved this activity book. If you child likes football, I would recommend this book.

My eight year old son is a football fanatic and he was over the moon for this! He loves the pages where he can design his own helmet/uniform et, and of course he loves coloring his favorite players!
