Customer Reviews

N.S. Francisco lives with her husband and children in Oahu. She enjoys spending time swinging in her hammock on the lanai, reading, surfing the internet (not the waves), and eating malasadas.

Some of the info was good, but very limited amount of it. Nothing about the schoolsystem. Would not recommend for the price.

This book is a total joke. This book had some helpful information but it's only about 59 pages long. I have seen kids books that are bigger. I have read other books about Hawaii that were cheaper, more resourceful and worth more. I wish I would have known it was basically a pamphlet so I could have saved my money. I'm totally disappointed.
