Shadow Cursed (The Shadow Accords Book 2)

Synopsis

When Carthenne Rel first came to Nyaesh, she feared the Aâ™ras. Now she trains with them, struggling to use the magic they teach, and cut off from the shadow blessing within her. Isolated for her differences, she has only a few friends among the other students. When the strange and powerful Master Invar offers to teach her to access the powers warring within her, Carth is isolated even more. As the deadly Reshian attack the city, Carth discovers a secret, one linked to the shadows she must suppress, and the combination of her magic is key to the A'ras survival. She needs to master her abilities as an even more dangerous threat appears, one that changes everything sheâ™s become, and challenges everything she knows about her past.

This book is the second in this series and is very exciting. Great characters. Great story. Surprise ending. I can hardly wait to read the next book in the series!!!

Good read

D. K., you never cease to amaze me with your wonderful stories. The adventures of Carth is a great story and I look forward to the next book with much anticipation. I highly recommend reading your stories to everyone interested in reading great stories. Thanks for a wonderful experience.

What can I say? Holmberg must be my kind of writer. Once I started reading his books I just can not stop. Good stories..write on!

The second book in this series did not let down at all. It continued to build on the characters and tie the entire world setting together. I love this series and cant wait to read the other books and see how it all comes together in the end.

This second books takes you further into the growing up life of Carth. A teenager who is striving to find her own identity and who realizes she can't run away from the things that bother her about the people who say they are teaching her.

Fantastic. Read it in a day (which is never a good thing if you're supposed to be working). Looking forward to reading the next one!
