Moscow, St. Petersburg & The Golden Ring

Synopsis

As the symbolic heart of Russia, Moscow, which celebrated its 867th anniversary in 2014, has enjoyed a renaissance as one of the world's great cities. The capital's streets now buzz 24 hours a day, and joint ventures between east and west have already op

Customer Reviews

Masha Nordbye, award-winning journalist and TV producer, studied at Moscow University, and has a degree in Russian studies. She has traveled extensively throughout Russia and the republics of the former Soviet Union over the past 25 years. Ms. Nordbye has also produced numerous films about Russia for many international companies, including National Geographic, The Discovery Channel, PBS, and Disney. Her documentaries and magazine articles have been on such varied topics as the Russian Circus, Lake Baikal, Siberian tigers, and rafting across the Altai region of southern Siberia.

There is a lot of interesting and invaluable information, especially on cultural history. in this very knowledgable book. The author tries to combine this with the functions of a guidebook, not very successfully. For example, there is information about the most beautiful Moscow subway stations, but no instructions as to how to buy a ticket. Moscow restaurants are listed by neighborhood, but this is of little help if you don't know where the neighborhoods are. There are some inset maps, more diagrams than maps, but we found them of little assistance. You will need to supplement this book with a practical guide such as Lonely Planet.

There is plenty of information in this book, and if you are the type that wants to read a guidebook cover to cover and then create your own itinerary, it's probably for you. However, if you want a more helpful book that will guide you in planning a trip, I would choose something more traditional like Fodor's (which I purchased after learning that this book wasn't right for trip planning). This one doesn't even have suggested itineraries, and I found it very difficult to navigate. For instance, lodging is under a section called "Practical Information," which made it hard to find.

Good

This book was a gift for a friend who will be traveling to Russia this summer. She loves it and encouraged her travel friend to buy a book as well. I chose this guide based on the author's bio and was pleased with the level of information provided from her years of travel.

Love it.

I was looking for more information.

Wonderful information!

It is more than a regular guide book Lots of insides and history Love the way she writes.
