lots to learn but it is a great review tool, however, some of the reference pages for the answers do not match up, but for the most part it is a great help

The best prep for the boards I have! Thank you!

A bit overstated, but otherwise very helpful!

Great help for the nursing home administrator exam.

It reference source for each question. Make sure you get both books. Very, very helpful.

Good, but virtually the same as the sixth edition. This alongside other types of practice tests helped me to pass the NAB exam the first time around. Go through until you score 90-95 on this and other tests.
