I heard about this Saint through another friend of mine, and after reading a little about him, I was deeply moved and inspired. Imagine a child who dies at the age of 14, but throughout his short life, have been kind, loving, pious and faithful, only increasingly so as he nears his death. Absolutely a true inspiration to not only youngsters, but to adults as well. I would really recommend this book to parents who want their children to be more aware of their Catholic faith, and to everyone else who thinks that it is not possible to be holy and pious at such a young age. St Dominic Savio was small in size and young in age, but has a soul and mind of a very matured adult, even more mature than most adults I know! This young lad has made me look at myself, and say: 'its time to change'. Sancte Dominici, ora pro nobis!

An amazing book! I am fifteen and I out of all the saint books I read, this is by far the best. Unlike

most other books on the saints this one was written by another saint, (John Bosco) who was his spiritual director. John Bosco wrote this book for his boys to read and as a result it is really easy and pleasant to read and understand. It really is a shame that so few young people today know about it.

This is a very easy to read book that is very uplifting. It can be easily read over a period of a few days, and leaves a deep impression on people of all ages. He is a great model for our times.

Reading about Saint Dominic inspired me so much. I have a passion for ministering to teens and with his guidance I have a feeling it will only grow. I can't wait for the Fall so I can recommend it to the Middle Schoolers and High Schoolers from my parish.

Great book! Great condition! Glad we could find it. There is so little on this Saint.

This book is a literary masterpiece written about a Saint, by a Saint. [So the author of the book is a reliable source]. It is one of the 3 best books I have ever read. Saint Dominic Savio has been my favorite Saint since I was a child. His life is so beautiful and so inspiring, that it will delight, amaze and inspire people of all ages, as it touched and changed my life. There is so much to learn from this great Saint. Ideally, this book should be made available in all schools and libraries. It will be of great help to parents, teachers and children, helping all to grow in holiness.

St. Dominic Savio is my patron saint so I may be a little biased. Overall, this is probably the most easily accessible work about the saint's life. It reads like a novel and has been quite inspirational to me in seeing how far I have to progress in virtue.

This is a beautiful book about a wonderful young man, St. Dominic Savio. It's told in an interesting way by someone who really knew him. Highly recommended for Catholics and non-Catholics alike.
