Buy the time she wrote "A Calabash of Diamonds," Margaret Lane was already a well-established journalist and novelist in England. This is one of two non-fiction books she wrote about her adventures in Africa, the other being "Life With Ionides." In "A Calabash of Diamonds," she and her husband embark on a grueling expedition to equatorial Africa in search of a cache of buried diamonds -- often with catastrophic results. Engaging from start to finish, written with wit and charm by one of England's great ladies of letters.
