Fashion Passion: 100 Dream Outfits To Colour

Synopsis

This chic and trendy colouring book showcases more than 100 fashion creations and about 150 dream pieces. There's something for everyone: beautiful models offer aspiring fashion designers the opportunity to create clothes, bags, shoes, jewellery and hairdos in every imaginable style. The originality of this album, its organising principle, is to enable the reader to participate in the evolution of the various designs proposed. Whether still a student or already working, sporty or sophisticated, dynamic or easy-going, classic or free-spirited, cultivating an air of mystery or a more natural look, the budding stylist has now an opportunity to develop a particular style. All the drawings are displayed in black outlines to suggest a starting point where creation may begin and evolve as the colouring process comes into play. It is now up to the young fashion designer to mould and name the styles, breathing life into them. In doing so, this becomes an exercise in self-awareness that confirms one's personal style.

My favorite coloring books are those with fashions to color and I was looking forward to getting this one, but it's a disappointment. The outfits are cute, but they're all "modeled" by a person which involves filling in large areas of "skin and hair" - in fact, several pages feature only a very large hand with a couple of rings on it - BORING. Some other things I disliked about this book were that the pages are printed on both sides, which is a problem since most pens bleed through the paper at least to a small degree, and some pictures take up two pages (e.g., head and torso on one page,

legs on another), and since the pages are not perforated you have to try and color in the deep crease between the pages...no thanks. If you're looking for a fun fashion coloring book, a far better choice is Fanciful Fashions Coloring Book by Marjorie Sarnat, which has clothing only, several outfits to a page, each unique and different from each other. Another one I've been enjoying is Fashion Dresses: 50 Mind Calming And Stress Relieving Patterns by Audrey Wingate. The latter has one dress per page, all with the same basic shape, but the detailing on each one varies widely and is fun to color. I'd suggest passing on this one.

this is another very different coloring book, I really enjoyed flipping thru the pages, it has a lot of different art work perfect for the fashionista really pretty pages a lot of the girl in different outfits some of her fingernails different shirts with patterns, I really enjoyed that this was so different from all the other type of coloring books out there. I think any little girl would really enjoy this book ten and up I would think or eight maybe nothing to small. as and adult I just like to lose myself in it and practice maybe drawing what is in front of me. I recommend this book because it is so different. no run of the mill here.

Great illustrations but poor paper quality. You can see the images of the next page through the one you are coloring. Pages are printed on both sides and can't be removed.

Purchased this book for a friend. She loves it and was excited to get. Each page is neat and has good designs. This is a good book for people who like coloring people and clothing. The pages are a good thickness.

pretty good book, pages are double sided and some what thin so no markers, my only problem with the art is that on about 18 out of 100 faces the nose is drawn weird, making it appear piggy, otherwise its pretty good

Loved this book it has detailed drawings, outfits , jewelry, accessories, shoes. I enjoyed the flip thru cant wait to jump in . Very happy with my purchase.

Unfortunately this is so not my kind of coloring book. I purchased it because I do love to color fashion but was very disappointed that this is often too many items on a page and too detailed and then there are also pages that would take a whole pencil to color. I did two pages and threw it in the

never will color in again pile.

I don't like the coloring books that have a picture on both side,,the pens ink leaks thru
