There Was An Old Geezer Called Caesar: A History Of The World In 100 Limericks

Synopsis

There is a young fellow named Mick Who's adapted the old limerick To cover, with mirth The whole history of Earth And what made its characters tick. There Was An Old Geezer Called Caesar is 100 lively and humorous limericks that take us back to before the beginning of time itself and right up until yesterday evening when you were probably making your dinner. Covering everyone's favourite history lessons (and a few suprising ones too!), Mick Twister has cleverly raided the tomes of the past, picked at the bones of the world's greatest figures, moments and events and condensed the most complex of human activities into five funny rib-tickling lines for your amusement. Who ever said that history was boring, had clearly never read this book!

Customer Reviews

Informative book with humor. Thoroughlt enjoyed it!

some witty limericks others nothing special

Like history and like limericks this is your book. Of course as with all limericks some are better than others.

This is a very informational and amusing book. The limericks are good, but the history lessons (short and sweet) are even better. Love this book.

I wish more history books were this entertaining

A perfect gift for someone who loves sharing limericks ~

I'll be honest - I was sold halfway through the title. This was the perfect gift to my history buff father from his never-serious daughter, and honestly, this was the Christmas present I was most excited about this year! In other words My dad is a history buff Who really does quite like that stuff So with a big blinding grin I chalked up a win Cause hiding his smile was tough!

Entertaining.
