Much more can be found on your home computer however. I have an interest in playing maybe 25% of what is in here. I'll take it camping and it's better than a lot of song books for uke out there but I wouldn't buy it again.

Nothing you can't look up online...it's just chords (no tab).

loved it

This book has a wide selection of songs, but there are only lyrics and chords, no notes at all, makes it hard to sing if you don't know the song.
