# The Patriot's History Reader: Essential Documents For Every American

## Synopsis

An original collection of the most influential documents in American history, from the bestselling author of *A Patriot's History of the United States*. Since 2005, *A Patriot's History of the United States* has become a modern classic for its defense of America as a unique country founded on principles of justice, equality, and freedom for all. The *Patriot's History Reader* continues this tradition by going back to the original sources—the documents, speeches, and legal decisions that shaped our country into what it is today. The authors explore both oft-cited documents—the Declaration of Independence, Emancipation Proclamation, and *Roe v. Wade*--as well as those that are less famous. Among these are George Washington's letter to Alexander Hamilton, which essentially outline America's military strategy for the next 150 years, and Herbert Hoover's speech on business ethics, which examines the government's role in regulating private enterprise. By helping readers explore history at its source, this book sheds new light on the principles and personalities that have made America great.

## Book Information

Paperback: 464 pages

Publisher: Sentinel (June 28, 2011)

Language: English

ISBN-10: 1595230785

ISBN-13: 978-1595230782

Product Dimensions: 6.1 x 1 x 9.2 inches

Shipping Weight: 1.2 pounds (View shipping rates and policies)

Average Customer Review: 4.4 out of 5 stars 43 customer reviews

Best Sellers Rank: #53,211 in Books (See Top 100 in Books) #51 in [Books > Politics & Social Sciences > Politics & Government > Political Science > Constitutions](#) #167 in [Books > Politics & Social Sciences > Politics & Government > United States > National](#) #2048 in [Books > History > Americas > United States](#)

## Customer Reviews

Praise for *A Patriot's History of the United States*: "This book has taught me more about our history than any I've read in years. *A Patriot's History of the United States* should be required reading for all Americans." -- Glenn Beck "A fluid account of America from the discovery of the continent up to the present day." --Wall Street Journal --This text refers to the Audio CD edition.

Larry Schweikart is the co-author of A Patriot's History of the United States: From Columbus's Great Discovery to the War on Terror, and is a professor of history at the University of Dayton. He has written more than 20 books on national defense, business, and financial history.

As a Degreed Historian in American History, I feel this should be REQUIRED Reading for All High School Level Students as a Basic Primer in American History. History is about What Happened and should be studied to the greatest extent possible through the ACTUAL DOCUMENTS in the context of the times in which they were written.

A must for any home library!

This book compiles documents from the Mayflower Compact to Pres. Bush's 9/11 speech. A good source of primary documents from American history.

I am so glad to be exposed to a Conservative point of view and one of America's exceptionalism instead of the usual rewriting of history by radicals. I actually bought 2 and gave one to my grandson's Geography teacher.

Arrived on time. The authors are great professors in History. I think this book is an accurate product of unbiased fact based research.

It's a great companion to the Patriot's History of the United States. All the documents that are important to the building of the country are included with additional information on a lot of them. A good read on subjects that are usually glossed over in the study of history at most levels.

love the purchase.

Anyone who truly wants to know the basis of the founding of this country needs to read this book and also the "Patriots History of the United States" written by the same gentlemen as this book. This information has all but been eliminated from educational curriculum in this day and age and it shows.
