It has some good recipes. There are no pictures and I would have preferred calories, carb, fat, and protein breakdown.

There were some recipes on here I love and some that seem too high to be low-carb for me. The author says you cannot share this book with friends? How ridiculous.

Call me mainstream but my new year's resolution for 2017 is to eat healthier and get fitter. My overall goal is to get a flatter figure but given the fact that I'm pretty overweight, I'm setting easy goals so that I don't get discouraged. Anyway, I do follow a bunch of fitness gurus on YouTube and one of them suggested Keto diet and recommended this gem. Over the last four days, I've stuck to the Keto recipes that I found in this cookbook. The recipes are fairly simple, straight to the point and delicious. I made Beef Zucchini Stew for my folks the other day and they absolutely loved it. Although, as per the recipe, the cauliflower florets in the chicken steak recipe needs to be cooked for 5 minutes but, that really depends on the size of the florets so start checking after 3 minutes to make sure they're not overcooked. Emma, your recipes are spectacular and I cannot thank you enough for this hell of an awesome cookbook.

good book

A great tool to live a Keto lifestyle! I started a Keto lifestyle about 54 days ago. I lost 31.5 lbs in 47 days, and now I'm maintaining not gaining or losing more than 2 lbs for 30 days. This allows my body to reset my weight set point. Then I will start another 40 days of the losing cycle. I feel so much better physically and in every way! I truly believe that God led me to this way of life to Bless my health and life in every way. Thank you Lord Jesus for answering our prayers 🙏🙏🙏🙏🙏🙏

Lots of great recipes to add fat in my keto diet.

Need to be edited. some recipes are unclear as what to do with some of the ingredients or instructions are unclear.

These recipes are so great .easy to make and does not require much stress.
