The Media Handbook: A Complete Guide To Advertising Media Selection, Planning, Research, And Buying (Routledge Communication Series)

Synopsis

The Media Handbook provides a practical introduction to the advertising media planning and buying processes. Emphasizing basic calculations and the practical realities of offering alternatives and evaluating the plan, this sixth edition reflects the critical changes in how advertising in various media is planned, bought, and sold by today's industry professionals. Author Helen Katz looks at the larger marketing, advertising, and media objectives, and follows with an exploration of major media categories, covering paid, owned, and earned media forms, including digital media. She provides a comprehensive analysis of planning and buying, with a continued focus on how those tactical elements tie back to the strategic aims of the brand and the client. Also available is a Companion Website that expands The Media Handbook's content in an online forum. Here, students and instructors can find tools to enhance course studies such as chapter overviews, PowerPoint slides, and sample questions. With its emphasis on real-world industry practice, The Media Handbook provides an essential introduction to students in advertising, media planning, communication, and marketing. It serves as an indispensable reference for anyone pursuing a career in media planning, buying, and research.

Customer Reviews

Helen Katz is Senior Vice President and Global Research Director for Publicis Media. She has an extensive professional background in media research and has taught advertising and media planning at Michigan State University and the University of Illinois.

Needed for college class - very thorough. Enjoyed it!

College class book.

It is not that bad, but Chapter 4 and 5 are way too long and kind of boring - pluses and minuses for all media channels. Too localize, really specifically in the US since I am international student, expect to read something boarder.

Everything you need to know media-wise in one place.
