# Next Time They'll Come To Count The Dead: War And Survival In South Sudan (Dispatch Books)

## Synopsis

A dramatic, true story of men and women trapped in the grip of war, *Next Time They'll Come to Count the Dead* is modern crisis reporting at its best. For six weeks in the Spring of 2015, award-winning journalist Nick Turse traveled on foot as well as by car, SUV, and helicopter around war-torn South Sudan talking to military officers and child soldiers, United Nations officials and humanitarian workers, civil servants, civil society activists, and internally displaced persons; people whose lives had been blown apart by a ceaseless conflict there. In fast-paced and dramatic fashion, Turse reveals the harsh reality of modern warfare in the developing world and the ways people manage to survive the unimaginable. *Next Time They'll Come to Count the Dead* isn't about combat, it's about the human condition, about ordinary people thrust into extraordinary circumstances, about death, life, and the crimes of war in the newest nation on earth.

## Book Information

Series: Dispatch Books

Paperback: 160 pages

Language: English

ISBN-10: 1608466485

ISBN-13: 978-1608466481

Product Dimensions: 5.3 x 0.6 x 7.8 inches

Shipping Weight: 6.4 ounces (View shipping rates and policies)

Average Customer Review: 4.4 out of 5 stars 3 customer reviews

Best Sellers Rank: #693,728 in Books (See Top 100 in Books) #55 in Books > History > Africa > Sudan #193 in Books > History > Africa > East Africa #371 in Books > Politics & Social Sciences > Politics & Government > Specific Topics > Colonialism & Post-Colonialism

## Customer Reviews

"Horror shows are plentiful in a country at war,' Nick Turse writes in this painful, chilling account of the rapid descent of South Sudan from the birth of a new country, resurrected from the ashes of bitter conflict, to utter despair and possible genocide. 'But some are grimmer than others,' he adds, finding them wherever he turns in this vivid, gripping account of inhuman cruelty, laced with rays of hope and courage and dignity amidst the horrors. • Noam Chomsky"Nick Turse, alone among war reporters, is the wandering scribe of war crimes. Reading Turse will turn your view of war upside down. In South Sudan, troops run amok, desperate civilians shelter in squalid U.N. camps,

international officials fail to record evidence of atrocities, while military and political bigwigs battle for power at the cost of their country. No glory here in Turseâ™s pages, but the clear voices of people caught up in this fruitless cruelty, speaking for themselves."â•Ann Jones, author of *They Were Soldiers*âœThe average journalist follows the herd of others. A bold one like Nick Turse goes to where the herd isnâ™t. His searing reporting in this book brings alive the suffering of a country that the United States, midwife to its birth, has largely forgotten.â•â•Adam Hochschild, author of *King Leopold's Ghost*"Turse gives a sobering account of the horrific crimes against ordinary people that define South Sudan's conflict. He shows how efforts to count the dead, investigate the crimes, and bring perpetrators to justice have so far failed. His compelling account reminds us why accountability is both urgent and necessary."â•Kenneth Roth, executive director, Human Rights WatchPraise for *Tomorrowâ™s Battlefield*:"Gripping and meticulous, Nick Turseâ™s reporting on Africa sheds much-needed light on shadowy missions the U.S. military would rather keep secret. His investigations of U.S. military missions in Africa in *Tomorrowâ™s Battlefield* reveal a secret war with grave implications for Africans and Americans, alike."â•Glenn Greenwald"In the first book length account of AFRICOMâ™s operations, Nick Turse chronicles how in a very short time, Africa went from the margins of US foreign policyâ•to be not just the warzone of tomorrow, but of today."â•Sean Jacobs, international affairs faculty at The New School and founder of Africa is a Country"A dogged and intrepid journalist who won't take 'no comment' for an answer, Nick Turse has done a fantastic job of exposing the U.S. military's expansion into Africa and the proliferation of its secret missions on the continent."â•Craig Whitlock, Pentagon correspondent, *Washington Post*"Horror shows are plentiful in a country at war,' Nick Turse writes in this painful, chilling account of the rapid descent of South Sudan from the birth of a new country, resurrected from the ashes of bitter conflict, to utter despair and possible genocide. Nick Turse is the managing editor of TomDispatch.com and a fellow at the Nation Institute. An award-winning investigative journalist and the author of the widely hailed, bestselling book Kill Anything That Moves, he has reported from the Middle East, Southeast Asia, and Africa and his pieces have appeared in the New York Times, the Los Angeles Times, The Nation, The Intercept, and regularly at TomDispatch.

Nick Turse I know well, having read some of his excellent postings in TomDispatch.com. His account of horrific events of the (first) civil war in South Sudan is shocking. He is able to open up pages of springs of human hatred, unbelievable cruelty. When you finish the book, you hope that peace has been finally achieved. It is sorry that this history repeats itself in this poor country.

I am a Nick Turse fan, but this is a relentlessly depressing book. Honest and truthful, but sad.

Nick Turse depicts the war as the human tragedy that it truly is. He provided great insight into the psychosocial processes that are the origins of this conflict.
