When Brother and Sister visit the Bearsonian Museum, they luck out. A real dinosaur dig is taking place! What sort of fossils will they find? A Stegosaurus? A Spinosaurus? The mighty Tyrannosaurus rex? Dig in with the Berenstain Bears and find out!

The Berenstain Bears are celebrating their 50th Anniversary in 2012. Stan and Jan Berenstain were already successful cartoonists for magazines and adult humor books when they began writing children's books. The first story starring the bear family, The Big Honey Hunt, appeared in 1962. Since then, more than 360 Berenstain Bears books have been published, and more than 300 million copies have been sold. What began as an idea sparked by their young sons' love of reading has become over the years arguably the best-selling children's book series ever. Since their inception, the Berenstain Bears stories have expanded to include picture books, beginning readers, and chapter books--even a hit TV show on PBS. Writing and illustrating the books has become a

Berenstain family affair. Mike joined with his parents as a creative team in the late 1980s. The Bear family has expanded over the years as well. Sister Bear arrived in 1974, and baby Honey joined the family in 2000. Though Stan died in 2005 and Jan in 2012, Mike continues to create the delightful Berenstain Bear adventures from his studio in Pennsylvania. berenstainbears.com

I bought this for a two year old and he absolutely loves it. His favorite things are dinosaurs and when we finish reading it, he wants us to read it again. Other kids also enjoy the book. I love how the story shows you how to pronounce the dinosaurs. I recommend this book.

our family has always loved these books, i like that they made a series as well but sometimes is nice to just snuggle up with the little ones and read these. this one is my sons favorite

My Grandson loves it

I love how my 4 year old can pronounce crazy dinosaur names now!

Berenstain Bears' book ... great read.

Grandson loved the story.

Kids loved it!

Usual good quality Berenstain Bear book. Would be interesting for children who like dinosaurs, and my 5 year old twins were excited to figure out which ones they were, just by their bones.
